OUR FUTURE PLAN

- We target to produce 864,000,000 pieces of pencils annually after 5 years.
- We plan to set up a foundation to share with the environment care and education.
- We welcome any education school to visit us.
- Plan to set up pencil slat factory in Myanmar after 5 years
 - source of timber
 - support demand of 2 factories
 - better control in cost, delivery & quality
- Our vision is to become the largest pencil in South East Asia within five year.

Land Area reserve for expansion
